# ELO: Clarifying Expectations and Building Trust

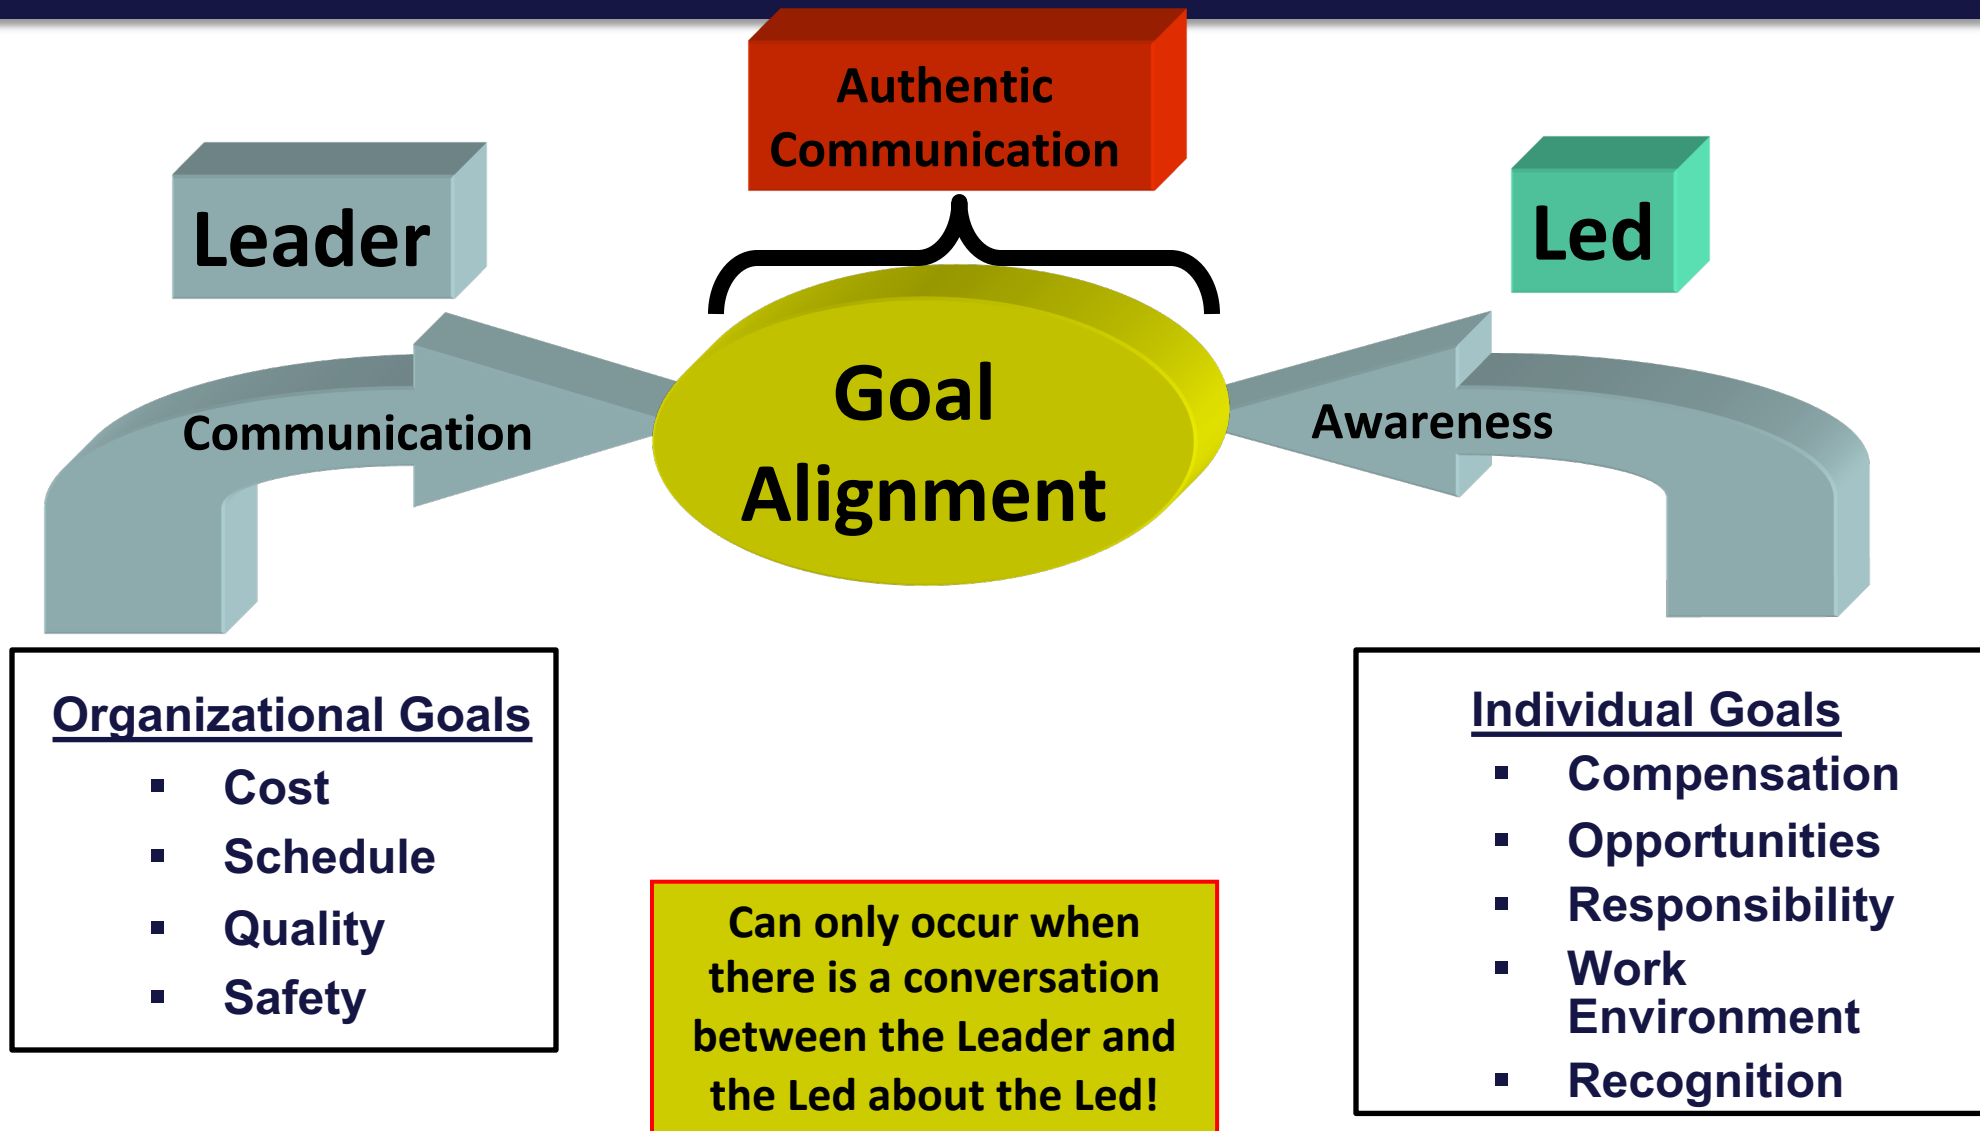

- **Leader to Led Linkage**
- **Importance of Trust**
- **Application of Tools to Improve Engagement and Build Trust**
- **Impact of Engagement on Productivity**

# Leader to Led Linkage

# Vertical Dyad Linkage

The Linkage Power Depends On...

## 1. Leaders Managing Personal Relationships

- Vertical Dyad: Leader  $\longleftrightarrow$  Led x number of direct reports
- Employee performance, productivity, and engagement depend on their relationship with their IMMEDIATE Supervisor

## 2. Leader and Led continuously Creating Shared Mutually Supportive Goals

- The Employee's Goals and Needs
- The Organization's Goals and Needs as articulated by the Leader
- Requires continuous Goal Alignment within Developmental Plans and continuous Feedback

# L2 Power9 Guide

- 1. I am your Leader clarity**
- 2. I Trust You**
- 3. You understand what we do and how we make money**
- 4. You know what to do at work everyday**
- 5. You have the materials, tools, and equipment to do your work correctly**
- 6. You know how to do the work correctly the first time**
- 7. You know your role, the roles of your teammates and how you work together as a team**
- 8. My team and I know the score and we play to win everyday**
- 9. My leader cares about me as a person and wants to help me be successful**

# Clarifying Expectations

# 10-Year-Old Expectations

## Rules for the 2014 Summer

- we are going to have fun, but we have changes, but good changes!
- the first change is we are going to have a schedule (raise your hand if you don't know what a schedule is)
- every day if you are good I will bring you a tattoo or a peice of candy (you choose) (I will give an example)
- give schedule each day explain
- do's and Don'ts
- rules
- have them help me

# Expectations

- **What do you expect from your Leader?**
- **What can your Leader expect from you?**
- **What do you expect from your Team?**
- **What can they expect from you?**

# Team Expectations

- **What does your Customer expect from you?**
- **What do you expect from your Supplier?**
- **What do you expect from your Teammates Support Leaders? (Engineering, Supply Chain, Quality, HR, etc.)**
- **What can they expect from you?**

# Trust

## Earned or Given?

# High Performing Teams Require TRUST

## Leader will provide...

- **Clear direction**
- **Appropriate Resources**
- **Expert Advice**
- **Feedback and Coaching**
- **Growth Opportunities**
- **Reward and Praise**
- **Fair Treatment**

## Led will...

- **Treat the company like their own**
- **Hold each other accountable for doing the right thing**
- **Give early warning of problems**
- **Have the courage to ask questions**

# Trust = Speed & Reduced Cost – Trust Matters

- Exists in very personal, irrational, and operationally volatile terms between the Leader and the Led
- Trust is a function of Situational Awareness and Instinct

Take communication...In a high trust relationship, you can say the wrong thing and people will still get your meaning.

In a low trust relationship, you can be very calculated in what you say and still be misinterpreted.

*Lack of trust is a tax on everything!  
It feels like wading through sludge because it is.*
