

PA Talent Pipeline Project – Philly Region

“All Hands Meeting”

Presented by: Bruce Warner
Program Manager – Philly Region
bwarner@tmgva.com
757.254.2860

July 20, 2022

Agenda

- Welcome
- Program Updates
 - Mission
 - Executive Summary
 - New Partner Introductions
 - 2022-2024 Plan Of Action & Milestones (POA&M)
 - August 2nd Talent Acquisition & Retention Workshop
 - August 4th Talent Acquisition & Retention Workshop
 - New Scorecards and Expectations
 - Best Practice Model Update
 - Program Management Support Services Update
- Next Steps
- Q&A (Open Discussion)

The Mission

The Pennsylvania Talent Pipeline Project TEAM will energize and engage the greater Pennsylvania Region economy by

creating and sustaining a maritime and defense industrial base focused workforce pipeline that enables **EMPLOYERS** to re-capitalize their workforce through recruiting, hiring, training, and retaining skilled workforce members with critical trade skills for 1-year

as productive and engaged new employees.

New Employer Partners

Company Background / Mission

Location:
Feasterville, PA
Telford, PA

Core Business: CNC Machining
Site Workforce: 11

Maritime Customers

NAVAL SURFACE WARFARE CENTER-DAHLGREN

Aligning to the Mission

Future Demand Drivers & Key Workforce Gaps:

Increased demand for precision machined parts for Submarine and Shipboard Systems
Increased demand for skilled CNC Machinists and CNC Machine Operators

Why We Are Participating:

To identify and hire technically educated candidates to integrate them into our workforce to further develop technical skills and productivity to meet current and future demand.

In alignment with this initiative's priorities and objectives, and as part of the 2022-2023 PA Pipeline Project, **Arkay Solutions** pledges to hire **3** pipeline candidate(s) with a responsibility to train, mentor and retain them for 1 year.

New CTE Partners

Background

Location:

Blackwood, NJ / Camden, NJ / Cherry Hill, NJ

Mission:

Camden County College is a learning community committed to the success of our diverse student population in achieving their full academic, career, and personal potential while delivering a high-quality, inclusive, affordable, and accessible education.

Core Trades / Focus Areas

Associates Degrees:

Computer Integrated Manufacturing, Precision Machining Technology, Engineering Science, Engineering Technology – Mechanical, Electrical, Electronic, Industrial Maintenance Technology, Computer Aided Engineering Graphics, Cybersecurity, Automotive Training

Non-Credit Career Training:

Welding, Carpentry, Electrical Residential, HVAC, Automotive Training, Plumbing Technology, Cybersecurity

Student Population: 15,991

Aligning to the Mission

Key Enablers to Support the Maritime Industry:

Career focused customized education and training
Strategic alliances to access regional workforce pool

Why We Are Participating:

Camden County College is a regional leader in workforce development through strategic partnerships with government, business, industry, and premier institutions. As an industry-driven partner, the College is responsive to the needs of the regional employers by delivering a career-ready education to students, and preparation for high demand occupations.

New Facilitator Partners

Background

Location:

Burlington County Workforce Development Board

Mission: The Burlington County Workforce Development Board (WDB) is committed to building and maintaining a workforce of the highest quality to help businesses grow or retain their workforce.

Focus Areas / Priorities

The primary responsibility of the WDB is to serve as an alliance of the public and private sector for the purpose of coordinating planning, policy guidance and oversight of employment and training activities in Burlington County. In partnership with the Board of County Commissioners, the overall goal is to develop and sustain a unified; labor market-driven system that can deliver needed services to job seekers and employers in an effective and cost efficient manner.

Membership:

Opportunities to Support / Expand the Effort:

Upcoming forums for engagement? Existing initiatives? Other?

Why We Are Participating:

The Burlington County WDB supports the endeavors of the PA Talent Pipeline, particularly addressing the issue of retention for participating employers.

Aligning to the Mission

Background: Founded in 1988, DVIRC is a cornerstone in PA's Industrial Resource Center network and a founding member of NIST's Manufacturing Extension Partnership. Today, DVIRC is one of 7 centers who make up the PAMEP.

Location:

Headquartered in Northeast Philadelphia, DVIRC supports the 5 counties that make up Southeastern Pennsylvania.

Mission: Our mission is to strengthen regional manufacturing companies by helping them continuously improve their competitiveness and profitable growth.

Membership: Of PA's 15,000+ manufacturers, DVIRC serves the 5,100+ small & midsized manufacturers located in Bucks, Chester, Delaware, Montgomery & Philadelphia Counties.

Focus Areas / Priorities

DVIRC is a regional economic development organization with a public purpose—to support the profitable growth of small and mid-sized U.S. manufacturers.

Our **vision** is to have the region's manufacturing companies recognized as among the most advanced and innovative manufacturing companies in the world.

Our staff of experts applies substantial industry experience to develop and implement successful best practices as partners with our clients.

We support manufacturers through three practice areas: consulting solutions, training and education, and executive network groups.

Since 1988, we've served 2,000+ manufacturers and generated over \$2 Billion in client impact.

Aligning to the Mission

Opportunities to Support / Expand the Effort:

DVIRC is a trusted advisor and the first call many manufacturing executives in the region make when they have a need or are looking for a solution. In addition to our consulting work, we facilitate 10 regional manufacturing executive network groups, hold numerous manufacturing outreach events and host a highly regarded annual manufacturing summit. Each interaction provides us with an opportunity to discuss the critical workforce issues facing manufacturers today. We are passionate about building our coalition of like the minded and tool kit of resources to tackle this issue head on and create the impacts that are so desperately needed.

Why We Are Participating:

We aspire to support the interests of the United States Navy, our regional base of small and midsized manufacturers and the next generation men and women who aspire to pursue a family sustaining career in manufacturing.

In alignment with this initiative's priorities and objectives, and as part of the 2022-2024 PA Talent Pipeline Project, **ORGANIZATION** will support the communication and collaboration with members and networks.

2022-2024 POA&M
