  - More External Opportunities
  - Voluntary Retirements due to Aging of the Workforce
  - “Retired on the Job” driving Labor Costs Up and stifling High Potential Advancement with decreasing productivity and engagement
  - Lack of People related data and analysis causing Employer
    - Arrogance
    - Ignorance
- **Significant** Increase in Customer Demands
- More Projects than Time, People, and Resources Available
- Senior Leadership Tactical focus creating Leader “Compression”
- “Heroic Efforts” creating exhausted, de-moralized, and under performing Heartbeat Leaders

# Branding and Marketing Your Organization

- Recruitment VS. Marketing
- Building a Marketing Strategy
- Selling a Job or Selling a Career?
- Branding and Marketing Checklist

# Definitions

Recruitment Advertising	Post and Pray. - Hope is not a strategy
Recruitment Marketing	Building and Communicating the organizations BRAND & EMPLOYER VALUE PROPOSITION to attract and hire top talent that want to be a part of who you are – not people who want/need a job.

**Recruitment marketing begins with understanding the difference and having a healthy balance between outbound and inbound.**

<b>OUTBOUND MARKETING</b>	<b>INBOUND MARKETING</b>
When you directly reach out to potential candidates through tactics such as posting a job description, running a paid advertisement, or working with a third-party recruiter.	When you create content that draws candidates to your organization by aligning it with their interests and making it easily accessible online, especially on social media.

How do I build a plan to get the word out about who we are and who are looking to hire now and in the future?

# Recruiting vs. Marketing

## Recruiting

*Attracts talent to jobs.*

## Marketing

*Attracts talent to YOU.*

Up to 75% of job seekers look online as part of their application process (website, Social Media, Etc.)

Most Jobseekers are the targeted population we are trying to reach... so we need to be prepared.

Was not happy there. I didn't feel like I belonged. The supervisor picked who he liked, and that did not include me. The management lacked overall experience.

## Great entry level job for office services but awful pay and benefits.

★★★★☆

Mail Clerk (Former Employee) - Tampa, FL - October 4, 2021

This is the perfect job for anyone who wants to get their feet wet into the corporate office setting or for someone who is about to retire. The client I worked for were always very friendly, accommodating, and an overall fantastic company! The Millennium Group as my previous employer; however needs work on multiple issues. The pay and benefits are below average, management have horrible communication and work ethic, and a few of my coworkers were unpleasant. Especially during the pandemic.

### ✓ Pros

Flexible schedule, client is great working with, and easy work load.

### ✗ Cons

Pay, benefits, management.

People don't buy what you do,  
they buy **WHY** you do it!

## Why - Your Purpose

*What is your cause? What do you believe?*

## How - Your Process

*Specific actions taken to realise your Why.*

## What - Your Process

*What do you do? The result of Why. Proof.*

# What We Do & How We Make Money

- Allows Candidate to receive a better picture of how they fit within the Company
- Candidates that fit into “first fit then skill” category can receive on the spot offers
- Recruiting days save the company money and time

- Ask questions like:
  - Which one of our values sticks out to you and why?
  - Give an example of how you used one of our values in past employment.
- If you do not fully understand the Company values, you cannot assess how the Candidate fit in with the Company

There is not a standard group of questions that can be asked to determine a Candidate's fit.

- Do Focus on open ended questions
  - Do ask:
    - What type of environment do you prefer to work in?
    - Give an example of a good Leadership trait.
    - What is something you liked about your last job?
    - What was the biggest reason you did not like your last job?
    - Outside of work, what are you passionate about?
- Don't ask yes/no and short answer questions
  - Don't ask:
    - Do you like a fast-paced environment?
    - Do you like working outside?
    - Do you think Quality is important?

Good questions will breed follow on questions.

# Roles and Responsibilities (See Handout)

# Overview

- Every member of the Company plays a role in TA&R
- This is NOT just HR's responsibility
- You will fall into one or more categories on the RASI Chart:
  - Responsible
  - Accountable
  - Supporting
  - Informed

# Roles

## ➤ Responsible:

- Those who do the work to complete the task. There is at least one role with a participation type of responsible, although others can be delegated to assist in the work required.

## ➤ Accountable:

- Answerable for the completion of the deliverable or task. There can be only one accountable specified for each task or deliverable.

## ➤ Supporting:

- Those who play a supporting role in implementation. Those whose opinions are sought, typically subject-matter experts; and with whom there is two-way communication.

## ➤ Informed:

- Those who are kept up-to-date on progress, often only on completion of the task or deliverable; and with whom there is often just one-way communication.

# Responsibility Areas

- Responsibilities there are typically split into five areas:
  - Recruiting
  - Hiring
  - Onboarding
  - Retention
  - Program Management
- These areas are then split into task for the assignment of roles

# Communication

- If HR does not fully understand the Companies need, they cannot effectively target potential Candidates
- Communication between HR and Operations is key to an effective TA&R system
  - RASI Chart assigns each task to an individual or job title
    - Only one individual can be held Responsible and Accountable, and it may be the same individual
    - Supporting and Informed may be a group or an individual
  - RASI Chart make is easy to identify the communication paths

FAIRLEAD BEST PRACTICE MODEL OVERVIEW  
STACIE BAILEY

September 13, 2022

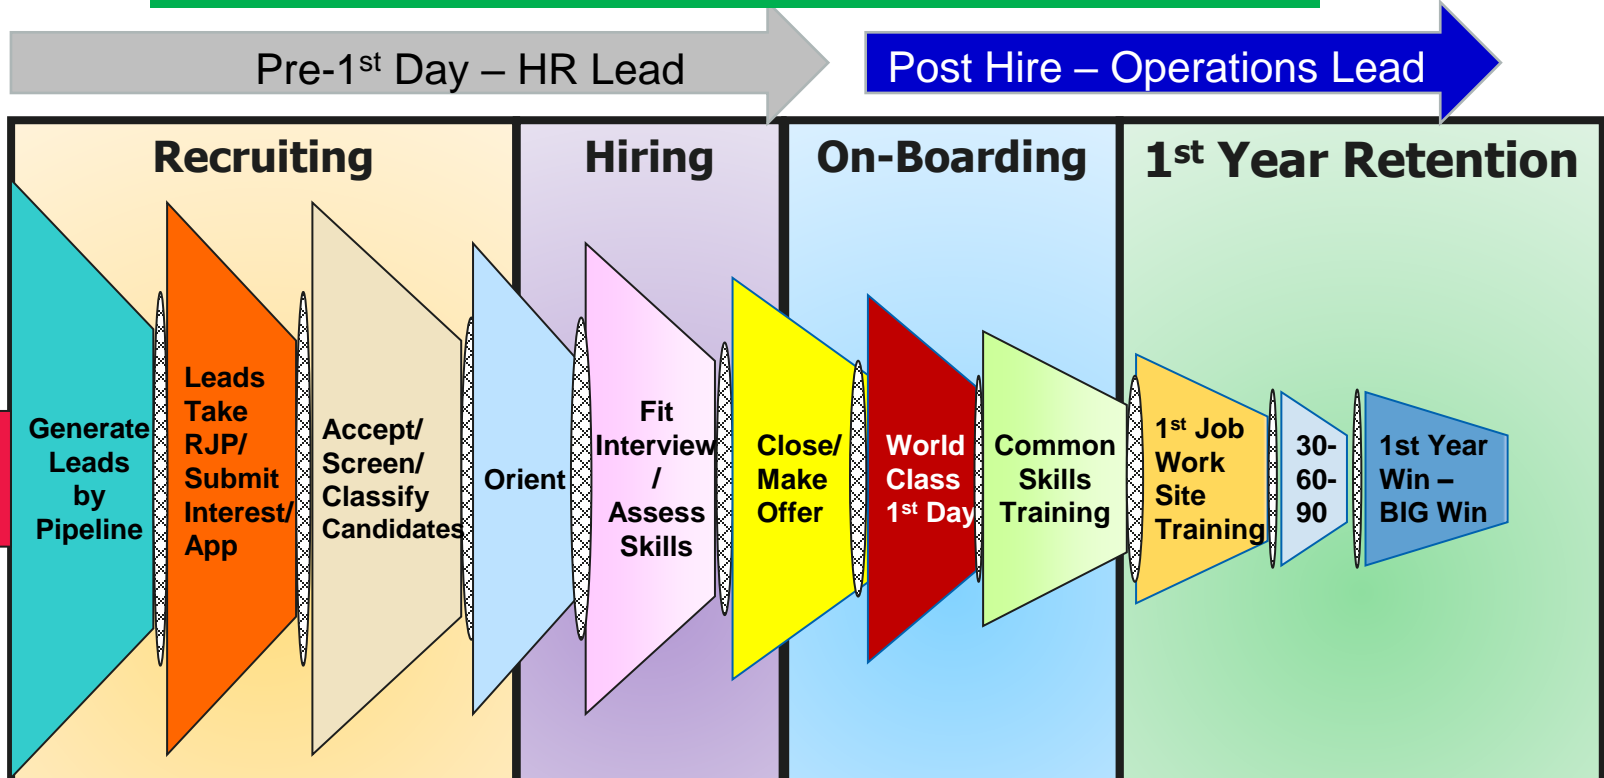

- **Over the last 3 years, the current on-boarding system produces a 69% 1<sup>st</sup> Year Retention rate meaning that Fairlead would have to hire at least 215 new teammates in 2022.**
- Fairlead's 2022 Total Hiring Demand is 147 Full Time Employees
  - 72 fulltime employees to Maintain Current Head Count of 301 employees (31% 1<sup>st</sup> year attrition rate)
  - 75 additional fulltime employees to accomplish growth work → 376 employees
- Based on industry best practices, in order to acquire 215 new teammates, Fairlead's current system would have to:
  - Establish Talent Pipelines to Produce 800+ Candidates
  - Develop System Review 800+ applications
  - Conduct 645 Interviews
  - On-Board 15-20 Teammates Per Month
- Fairlead's current state system cannot support the hiring demand and in order to do so must focus on:
  - Reducing Average Monthly Attrition
  - More Active Recruiting and Talent Pipeline Development to increase application flow
  - Selection Process to include Behavioral-Based Interviews
  - Structured On-Boarding and New Hire Engagement
  - Leader Training
  - Program Management, Data Tracking, and Process Ownership

- **The Good**

- **388% improvement in first-year terminations and resignations**
- We reduced onboardings from 8 per month to 2 per month with no impact to our business
  - We maintain Mondays as onboarding days with no lack of support from Fairlead's leadership team
- There's a single recruiting and onboarding process across all Fairlead
- We successfully added a screening step by an HR Administrator 48 hours following the RJP – this has proven to be value-added step and has saved cost
- Very positive midcourse correction meeting between Fairlead and TMG leadership that created better understanding and alignment to the remaining path ahead → **all dates were achieved**

- **The Bad**

- We initially conducted the Realistic Job Previews (RJP) for potential candidates
  - The primary reason was that candidates didn't have access to a computer
  - President's message – I don't want recruits who lack the resourcefulness to use a computer at a public library – these are not Fairlead candidates
  - All RJPs are being conducted by the candidates and it's a great initial screening
- We have overused the "Fast Track" process
  - Kingsbury moved recruiting days from Saturday to Wednesday and saw success
  - Fairlead's initial Wednesday recruiting day is August 17th
- Unnecessary levels of pushback on the process changes from Fairlead's senior leadership team
  - Typical change management, however, the data is so loud I cannot hear the concerns of the team 😊
  - Unfortunately, this did make the TMG team "earn their money" and caused sideways energy for the TMG team

- Improved communication and accountability on the use of the recruiting day
  - Pilot Wednesdays vice Saturdays and decide on the best day or alternate
  - Slowing down the recruiting process helps eliminate candidates who are desperate for jobs
  - Fairlead doesn't generally want candidates who are desperate for a job; we want the best candidates who fit our culture and values
- The additional pipelines, including the DOD SkillBridge, ATDM, TCC, etc. have been invaluable to Fairlead
  - Hiring for fit has shown to be much more important than skills and experience
- We publicly honor employees at the 5-, 10-, 15-, 20-, 25-, 30-, and 35-years-of-service mark
  - We have 98% retention once an employee has been with Fairlead for one year
  - We intend to honor the 1-year of service mark at our company picnic and holiday party
